FOR LACA SCHOOL CHEF OF THE YEAR 2021
SPONSORED BY QUORN.**

With the competition focus on producing healthy, nutritious meals for 11 year old primary or secondary school pupils, this is the perfect showcase for passionate school chefs to demonstrate what they do best every day. Prepare, cook and present four portions each of two courses with a total food cost of £1.40 per head in 1hr and 15 minutes that meet School Food Standards and Eat Well Guide.

LACA ARE PLEASED TO BE PARTNERING WITH QUORN AS SPONSOR OF THE 2021 LACA SCHOOL CHEF OF THE YEAR COMPETITION.

LACA Chair, Stephen Forster says: "LACA is delighted that Quorn has chosen to support our School Chef of the Year competition in 2021. The competition has been running for over 20 years and during that time we have evolved it to reflect both school food standards and food trends. This new partnership reflects the current shift to reduce the amount of meat in our diet, which is also emerging as a major feature of school menus.

"We know school children are interested in the environment along with healthier eating and they are demanding more meat-free choices on their school menus. This link with Quorn will allow the amazing school chefs across the country to respond to this trend as they show off their skills."

Meat free pioneer, Quorn, is delighted to come on board. "Meat free is high on the agenda at the moment and we have been trailblazing its development for over 40 years" said Phil Thornborrow, Foodservice Director at Quorn.

The Education sector in particular is embracing a more flexible approach to meat consumption, driven by rising concerns over childhood obesity and younger generations leading the fight against climate change. We want to inspire future generations to eat healthily and establish sustainable eating habits by educating them on how their food choices can be both good for their health and the planet. We can't wait to see what school chefs create!"
