

LACA is pleased to announce a **new**

MENU CHECKING SERVICE

for members

Our 'menu checking' service allows caterers to demonstrate that their menus meet national best practice guidelines, and that they're offering children the nutrients and energy they will need to do well.

The service provides a detailed and comprehensive check of lunch menus against the School Food Standards.

Checking the lunch menu helps schools and caterers by providing an independent external verification that menus meet the school food standards by providing recommendations of how to address any areas where the standards aren't currently being met.

Once a menu has been checked by one of our team of expert nutritionists, you can use the 'menu checked' logo for the life of that particular menu to show that your menus meet national best practice guidelines.

Have your menu endorsed for compliance with the legislation.

**3 week cycle up to 3 menu options*

**NON
MEMBER
£700^{+VAT}
PER MENU***

**HOW
TO APPLY**
Contact the LACA office
0333 005 0226 or
email admin@laca.co.uk
for an
application form
